Family Video is a company that values their customers. I am a sales and customer service associate. I work the busy weekends and am given the responsibility of closing the store.

Sidney, Ohio

I was one of the very few students selected for summer employment, and I worked very hard for NKP.

**Short Stop Drive-thru (2013 - 2015)**

Anna, Ohio

Here I acquired experience and knowledge about customer service. I ran the cash register in the drive-thru and sold our selection of various beverages. In the front of the store, I handled U-Haul rentals, as well as running the kitchen. Often, I was a one-woman show. Multitasking, handling customers, and time management were key elements when working here.
